# PEARL COTTAGE

Due to the nature of Padstow's Old Town streets, there is no provision for parking at Pearl Cottage. However, there are car parks within 300m - the "Link Road car park" or the "South Quay Commissioners" car park on the harbour. The link below has detailed information about parking in and around the town.

The front door is tucked down the alley leading in front of the cottage (image 1)

There is a plaque with the name of the cottage to the right-hand side of the front door, and the key safe, which contains your keys to the property, is located on the left-hand side (image 2)
