# ARMSYDE

Due to the nature of Padstow's Old Town streets, there is no provision for parking at Armsyde. However, there are car parks within 300m - the "Link Road car park" or the "South Quay Commissioners" car park on the harbour. The link below has detailed information about parking in and around the town.

The property has a name plaque on the wall and a number 10 on the door.

There is a key safe mounted to the left of the front door. The code will be included within your arrival email.
