When you enter the site, bear round to the rear of the building to park. There are two allocated spaces at the rear of the apartment opposite the main entrance door, these are both numbered 13. Spaces are numbered at floor level, please do not park in any spaces other than ones numbered 13. (image 1)

There is a keypad to the right-hand side of the communal door, this gives you entry into the lobby. Enter the code provided in your arrival email and then press the bottom left button. (image 2)

Inside the lobby there is a key safe marked number 13 mounted on the wall to the left of the post boxes, this contains the apartment key. (image 3)

Take the staircase up to the first floor, and go through the door on the landing, the apartment door is then directly in front of you.
