# WATERHOUSE

If you are approaching on the B3276, bear left at the crossroads in the centre of St Merryn. Continue through the village with Barnacutts Bakery on your left-hand side, and Spring House Chinese takeaway on your right. Continue past Nins Tearoom, and the turning for Jubilee Close is next on your right.

If you are coming into the village from the B3274, the turning into Jubilee Close will be on your left before you reach the centre of the village.

As you enter the development, bear round to the left and continue to the end of the cul-de-sac. Waterhouse is on your right-hand side, circled on the map below.

The parking for this property is either in the garage, or in the driveway in front of the garage. Please note that the other half of the driveway belongs to the neighbouring property, please do not encroach on the neighbouring parking, or block the space opposite. You can find further parking on the main road if required.

The key safe is mounted on the wall around the right-hand side of the house, follow the path from the front door to the side gate and it is on the wall on your left.
